The Provider shall notify Express Scripts Canada in writing within twelve (12) months of receipt of any claims statement of any disputed information thereon including where it believes Express Scripts Canada has made a mistake in processing or adjudicating a Claim. Adjudications will otherwise be final. Upon giving notice under this provision, the Provider will provide Express Scripts Canada with the reasons why it believes there is an error, together with any other information Express Scripts Canada may subsequently request to verify possible amounts owing. This provision applies to errors a Provider believes Express Scripts Canada has made in processing or adjudicating Claims and does not apply to re-adjudication matters set out in 5.2(2).

5.3 No Claim Against Clients

(1) The Provider shall seek payment solely from Express Scripts Canada for all NIHB Pharmacy Services. In no event, including, but not limited to, rejection or reversal of any Claim in whole or in part by Express Scripts Canada, collection of any amounts by Express Scripts Canada from the Provider, set-off by Express Scripts Canada of monies otherwise payable to the Provider, non-payment of any Claim by Express Scripts Canada for any reason including Express Scripts Canada's insolvency or breach of this Agreement by Express Scripts Canada, shall the Provider bill, charge, collect a deposit from, seek compensation from, condition the provision of services on payment from, or have any recourse against any Client or person acting on behalf of the Client.

(2) In the event Express Scripts Canada determines that the Provider has violated Section 5.3(1) and collected any amounts from a Client or a person acting on behalf of a Client in respect of any NIHB Pharmacy Services, Express Scripts Canada may, in addition to any other remedial rights under this Agreement, demand payment of the amounts so collected from the Provider and/or otherwise offset and deduct such amounts from any amounts owing to the Provider.

Annex “D”

EXPLANATORY NOTES AND CLARIFICATIONS

D.1 Relationship between the Pharmacy Provider Agreement and the Pharmacy Claims Submission Kit

(1) The purpose of the Pharmacy Provider Agreement (the Agreement) is to set out the terms and conditions under which the Provider may submit claims and receive payment for the provision of NIHB Pharmacy Services. The Pharmacy Claims Submission Kit sets out additional terms and conditions for the Agreement. These two documents work together to ensure Providers have all of the information they need to submit claims and receive payment from Express Scripts Canada for the provision of NIHB Pharmacy Services. While the Agreement forms the basis for the relationship between Express Scripts Canada and Providers, many of the terms and conditions that Pharmacy Providers will be held accountable to are described in greater detail in the Pharmacy Claims Submission Kit. An example includes, but is not limited to the following:

- Section 6 of the Agreement lays out the basic principles of the Audit Program while Section 8 of the Pharmacy Claims Submission Kit details the purpose of audit activities, the different types of audits undertaken by Express Scripts Canada as well as the procedures followed in conducting a Provider Audit.

(2) Providers are bound by and accountable for following the terms and conditions outlined in both the Agreement and the Pharmacy Claims Submission Kit.

D.2 Changes to the Pharmacy Claims Submission Kit

(1) Notification regarding changes to the Kit will take place no less than 30 days prior such a change.

D.3 Definition of “regional schedules”, as referenced in Section 4.2 (b)

(1) Regional schedules are referred to in the Pharmacy Claims Submission Kit. Subject to and in accordance with the provisions of the Kit, such schedules are normally prepared by Health Canada in negotiation and consultation with representative pharmacy associations.

D.4 Administrative Audit of Pharmacy Claims

(1) In the majority of cases an audit conducted by Express Scripts Canada will focus solely on the two years prior to the audit date and all claims submitted during that time for the NIHB Program under this or previous agreements. In exceptional cases, including cases where serious problems have been detected, cases concerning systemic claim filing errors or complaints from beneficiaries, the scope of the audit can be extended to include additional years of claim submission for the NIHB Program. This process is described in greater detail in the Pharmacy Claims Submission Kit.

(2) It is Health Canada’s intention of continue working with the Provincial and National Pharmacy Associations to refine and clarify the Audit processes, moving towards processes that

are suitable to all parties and which are responsive to the needs of a publicly funded system and the need for that system to demonstrate accountability.

D. 5 Claim Payment Cycle

(1) Claims adjudicated by Express Scripts Canada for the Health Canada's Non-Insured Health Benefits Program under this agreement will be paid to providers twice a month. The first period covers the first 15 days of each month and the second period starts on the remaining days of each month.

E. 6 Usual and Customary Professional Fee

(2) Certain NIHB policies (NIHB Short-term Dispensing and Methadone Payment) allow for pro-rated fees for specific days supplies on a limited number of drugs. The prorated fee charged under the Short-Term Dispensing policy is derived from the Usual and Customary Professional Fee. For the purposes of such payments the Usual and Customary Professional Fee established by regional schedules remains unchanged.
